## VNSGU Journal of Science and Technology

Volume : 1

No. 1

January – July 2009

### Aquatic Biology

Assessment on Haematological Parameters of <i>Labeo rohita</i> Exposed to Untreated and Mixed Treated Wastewater of ONGC	Gadhia, M., Gandhi, D., Talsania N.	1 – 6
--	---	-------

### Bioscience

Ochratoxin-Induced Lipid Peroxidation in the Testis of Mice and It's Amelioration by <i>Emblica officinalis</i> (Amla) Aqueous Extract	Chakraborty Devjani, Verma Ramtej	7 – 16
Bioactive Components of Aqueous Extract of Green Tea Leaves ( <i>Camellia sinensis</i> ) and Their Antibacterial and Antifungal Activity	Chakraborti Sunanda Chakraborty Devjani	17 – 22

### Computer Science

A Multi-Agent System (MAS) for Student Monitoring and Control in Distance Learning Environment	Patel Sanskruti, Sajja Priti Srinivas, Swaminarayan Priya R.	23 – 28
The Semantic Web: Next Generation Web Architecture for Intelligent Information Storage and Retrieval	Vaishnav K. M., Swaminarayan P. R., Virparia P. V.	29 – 36

### Mathematics

Rules for Cellular Automation and Its Application to Simulate The Gaseous Phenomena	Patel Kaushal, Bhathawala P.H.	37 – 45
Properties of Fermat Numbers and Its Generalizations	Shah Devbhadra V.	46 – 52

### Physics

Designing Practical Digital Circuits Using ABEL-HDL	Bhaskar Anandkumar A, Pandya H. N.	53 – 57
Effect of Coulomb Reorientation on Fusion Cross-Section and Barrier Distribution in $^{16}\text{O} + ^{154}\text{Sm}$ Reaction	Desai P. R., Godre S. S.	58 - 66
Estimation and Tracking of State Space Parameters of Cardiovascular Signals	Parmar Bhadresh Joshi V.G.	67 – 76
Microcontroller Interfaced with Matrix Display for Different Languages	Trivedi Sandip M. Trivedi Dulari R. Lele P.D.	77 – 82

**Statistics**

Combination of Mean and RMSD (Root Mean Square Deviation) Charts as an Alternative of Combination of $\bar{X}$ and R-charts and Combination of $\bar{X}$ and S-charts	Desai Sejal A. Naik Vipin D.	83 – 94
Estimation Problem in Two-Piece Generalized Laplace Distribution	Singh A. K. Shanubhogue A.	95 – 103
Estimating The Parameter of The Selected Population in The Power Series Distributions	Shanubhogue Ashok Al_Mosawi Riyadh Rustam	104 – 116

**Book Review**

“Computer Graphics”, Author : Apurva Desai Publisher : PHI Learning	Jani N.N.	117
--	-----------	-----

**Guidelines to Authors**

118 - 120

**Author's Index**

121 - 122
